DEPEND UPON PROVING ALIBI

Hearing in the Jewell Case from Sebring Ends

THE JURY DELIBERATING

Young Man Who Had Kept Company With the Ruttman Girl Admitted That He Lied on the Witness Stand—Sensational Case.

Youngstown, Nov. 17.—(Special.)—At noon Saturday, following argument by the attorneys, the case of William Jewell of Sebring, charged with criminal assault on Pauline Ruttman, also of that village, went to the jury. At 6 o'clock the jury was still out.

The examination of the Jewell witnesses consumed Friday afternoon, and a brief period Saturday forenoon. The defense based its case on an alibi, and numerous witnesses introduced testified as to the good reputation borne by Jewell heretofore.

The case of Leroy Maley, who was indicted with Jewell in the same case, will be heard next week.

Youngstown, Nov. 17.—Large crowds were in attendance at the trial of William Jewell, a prominent Sebring man, who is charged with criminal relations with 14-year-old Pauline Ruttman, who was employed as a domestic in his household. The trial lasted throughout Thursday and Friday and was redolent with the spice of sensationalism.

The only direct evidence of the alleged crime is contained in the statement of Miss Ruttman herself. The principal part of this work for the state's attorneys is to show such circumstances as will make this story a reasonable one.

Mr. Jewell was defended by E. H. Moore. It is the object of the defense to show that the testimony of the girl cannot be taken as reliable, and for this reason her veracity has been attacked. It is also contended by Mr. Jewell that on the night or the 21st of August, when the offense is alleged to have been committed, he was not in the society of the prosecuting witness at all.

The evidence of the state was concluded shortly after 10 o'clock Friday morning, when the introdutcion of the defendant's testimony began. This in large measure consisted of the statements of the character witnesses.

The trial of Leroy Maley, jointly indicted with Jewell, will be taken up probably immediately after the conclusion of this case. Naturally the two proceedings will be much alike.

The only feature in the trial of the case Friday to attract particular attention was the admission of Godfrey Kolb, a former lover of Miss Ruttman, that he had perjured himself earlier in the day when he testified that he had had improper relations with her prior to August 21. Being recalled by the state Friday afternoon, young Kolb said:

"I lied this morning when I said that I had had improper relations with the girl prior to August 21. I was scared into telling that story. I had been paying attention to Pauline, but I quit going with her because her father objected to her having company."

Attorneys made a frantic effort to ascertain what had caused the lad to take this turn. He finally admitted that he had talked over the case with Mr. Riegle of Sebring after giving his testimony. He had been told, he said, that if he had told the truth he had been guilty of an offense and could be prosecuted. He was asked this question:

"Isn't it true that you thought Miss Ruttman had told of your alleged relations with her, and that when she denied that fact you then decided that your story was incorrect?"

The lad entered a vigorous denial to this.

BOARD FAVORS USE OF PRISON LABOR IN OHIO

FENITENTIARY MANAGERS FILE THEIR REPORT.

Cost of Maintaining Each Prisoner Was 49.4 Cents—Ask Repeal of Law.

Columbus, Nov. 17.—The penitentiary board of managers have submitted their annual report to Governor Harris for the year ending October 31. The expenses for the year were $289,749.30, and the receipts $266,496.37, showing a difference of $23,252.93 of being self-sustaining. The deficit was caused by extraordinary expenditures for repairing the penitentiary. The total receipts show a net gain over last year of $15,254.75, while the total expenditures are less by $14,674.86. The daily per capita cost for the maintenance of prisoners was 49.4 cents, a reduction of one cent over the previous year. Ninety per cent of the prison product was sold out of the state, a large proportion being to foreign countries. The board urgently requests the repeal or modification of the Wertz bill to make it practicable to utilize the energy of those who are unfortunate enough to be sent to the penitentiary for the protection of the public. The bill prohibits contract convict labor where it comes in competition with free labor.

GETTING READY FOR XMAS

Although Christmas is five weeks distant, Salem merchatns are getting ready for it, so as to alleviate the eleventh hour rush, if possible, by influencing people to make their purchases early.

In several stores special Christmas goods and fancy gift articles are being displayed on counters. But the toys and such things are being held back until about two weeks before Christmas.

"We have many goods ready and it is up to the people to do their shopping early and avoid the crush at Christmas time," said a prominent Main street merchant.

MAYOR SIGNS FRANCHISE

Mayor Al Carlile this afternoon signed the new ordinance recently passed by council granting a franchise to the Youngstown & Ohio River Railway & Light Co. for electric light, heat and power service in Salem.

Before he would attach his signature to the contract, however, he demanded that the company agree to permit the city to string fire alarm system wires on its poles at any time the city might desire, this having been overlooked by council in its haste to pass the ordinance. The company filed a written agreement to permit such use of its poles.

WERE ON SCENE SOON AFTER THE MURDER

Salem people are taking a particular interest in developments in connection with the killing of Henry F. Smith, a prominent young resident of the East End, Pittsburg, who met death in a desperate hand-to-hand encounter with a burglar in his home last Sunday morning. Local interest is accentuated from the fact that the Smith home, at Elgin and St. Clair streets, is next to the home occupied by Mr. and Mrs. Ward Bonsall and Mrs. Joel Bonsall, former Salem people now residing in Pittsburg. Ward Ponsall was aroused by the shots, and was among the first persons on the scene following the crime.

Salem relatives have received a letter from Mrs. Joel Bonsall giving some interesting details in connection with the tragedy. Mrs. Ward Bonsall summoned physicians and notified the police immediately after the shooting.

STOREY COTTON MAN ARRESTED

Buffalo, Nov. 17.—Francis E. Marrin, one of the principal figures in the Storey Cotton company failure in Philadelphia in 1905, was arrested here last night in the lobby of the Genesee hotel. Marrin disappeared from Philadelphia on March 17, 1905, when the postoffice department raided the Storey Cotton company and since then he has been in Europe. He came back to America a few weeks ago and the vigil the postoffice authorities have kept for nearly two years ended with his arrest.

Marrin arrived in Buffalo three days ago. He registered at the Genesee under the name of James Johnstone. W. J. Vickery, chief postoffice inspector at Washington, had been trailing Marrin's movement since his return to the United States and Postoffice Inspector Cortelyou, who has charge of the Philadelphia district, came to Buffalo to get his man.

"It's all off," was Marrin's only comment when the officers located him and placed him under arrest. Later he consented to waive extradition, did not want an attorney and said he wanted to get back to Philadelphia as soon as the inspector could take him there.

Since 1905, he said, he had been in Europe. He visited London, Paris, Berlin, Brussels and Amsterdam. On Marrin's person were found check books of London and Paris banks. Marrin has a wife and two children in New York. He will be arraigned before United States Commissioner Keating today and probably will be at once taken to Philadelphia. He spent the night at police headquarters.

STRANGE SUIT OVER ABOLITIONIST'S WILL

Columbus, Nov. 17.—A decidedly unusual question is involved in a Stark county case brought by heirs to break a will made by John Hall, who died over a century ago, leaving his estate to be used in establishing an educational school for colored children, which was before the supreme court for oral argument Friday. It is doubtful if ever a similar case got into the courts. Hall was a noted abolitionist, and died in Massillon, where he long resided, in 1854. In his will he stipulated that his estate should be converted into cash and that when this reached a sum sufficient for the purpose that it should be used in founding a school for the education of colored children of whole or part colored blood. The will provided for the appointment of a trustee to handle the money, and under the instrument it is left to him to decide when the sum is large enough for the establishment of the school and when it should be built and where located. The money by the hands of the trustee has grown to $10,000, and nothing has been

FORTY HOURS DEVOTION SERVICE BEING OBSERVED

Commencing Tuesday morning at St. Paul's Catholic church on McKinley avenue, the Forty Hours' Devotion service, a religious service held annually by the Catholic church, will continue until Tuesday evening. Preparations for the service have been made at the church for the past few days.

The services will begin at 7:30 Sunday morning with the opening of mass, and at 9:30 low mass will be held. During the forty hours there will be a devotional service each evening at 7, with a sermon each evening. Sunday evening Rev. Father Kirby of Leetonia will preach the sermon; that on Monday evening will be by Rev. Faher Hopp of Alliance, and that of Tuesday evening, which closes the service, will be by Rev. Father Schwertner of Cleveland. In addition to these numerous other priests from points in the Cleveland diocese will be in attendance to assist at the various services.

On both Monday and Tuesday mornings first mass will be held at 5, with late masses at 6 and 7 a. m. respectively. High mass will take place at 8 o'clock on these mornings.

BEAL ELECTION PROBABLE

According to the New Waterford Magnet, that place will soon be in the thick of a Beal local option election. Recently the W. C. T. U. of the village presented a petition to council asking that the saloons be required to close earlier than is now the case, and setting the time at 8 o'clock, eastern time. The matter was tabled indefinitely, and at the succeeding meetings was passed over without action or discussion.

The members of the W. C. T. U. are circulating a petition for a Beal law election, and if they secure the required 40 per cent of the voters' signatures, the petition will probably be presented to the next meeting of council.

R. F. D. EXAMINATION HELD

George H. Mounts of the local civil service commission on Saturday conducted an examination of applicants for appointment as R. F. D. carrier in this vicinty. The examination was held in the courtroom at City hall, and began at 10 a. m. Those who passed this examination successfully will be placed on the eligible list for appointment to vacancies which may occur.

Three applicants took the examination. They were: Dayton E. Stewart of Leetonia, Jesse A. Thomas and William J. Brittain of Negley.

Eastern Ohio Patents.

H. E. Dunlap, patent attorney, of Wheeling, W. Va., reports the following patents issued this week to Eastern Ohio inventors: Le Roy Willour, Ashland, hay-carrier; E. E. Stouffer, Mineral Ridge, and G. W. Tidrick, Dillenville, assignors of one-third to G. H. Hornickel, Massillon, tipple; W. B. Skinkle, Steubenville, clam-shell bucket; J. S. Sams, Warren, attachment for fertilizer spreaders; Joseph Mitchell, Bellevue, extension table; George Miller, Norwalk, track anchor; A. H. Lewis, New Comerstown, valved bottle closure; Jacob Huber, Mansfeld, oilcup; W. C. Grant, Ashtabula, printing device; J. A. Douglass, Alliance, building block, and Robert Burford, East Liverpool, wardrobe.

FIRST NUMBER OF COURSE

The season's lyceum course, which is being conducted this year under the auspices of the congregation of the local Christian church, opened Friday evening at the high school auditorium with a concert by the Wathena Concert company, which includes Zaida Gaines, humorist and reader, Helena Bonnett, contralto, and Sarah Wathena Brown, harpist.

Although there was a good audience present, it was not as large as those which have usually attended concerts here in the past. The entertainment was good, the work of the harpist calling for especial approbation. The readings were also highly entertaining. A program of 13 numbers was given.

DREW FIVE YEARS IN PEN

Harry Wulle, alias Stone, was on Friday convicted of having burglarized the East Rochester postoffice in this county last spring, and was sentenced to serve five years in the Ohio penitentiary at hard labor by Judge R. W. Tayler in the federal court at Cleveland, in which the case has been on trial this week.

Wulle swore on the stand that he was in West Virginia at the time the postoffice robbery took place, but the government was able to prove that he was within three miles of the East Rochester postoffice on the afternoon of and morning after the burglary.

Two Nights' Fair Opened.

The Ladies' Auxiliary to the S. of V. opened a two nights' fair and bazar at the G. A. R. hall Friday evening. There was a good attendance, and all indications are that the fair will prove quite successful.

Various booths have been established, at which home-made candy, fancy work, domestic articles and staple bakery products are on sale, and all of these were well patronized Friday night. This evening, from 5 to 7, the ladies of the auxiliary will serve a supper in connection with the fair, which will close tonight.

Began Private Sale.

C. C. Snyder, assignee of Mrs. Mary Stiver, today began a private sale of the stock of paints, brushes, etc., at the Stiver store, and will continue until the stock has largely been disposed of. The wall paper stock was not placed on sale today, but will be put on next week.

Found Conditions Here Satisfactory.

Staff Captain Maltby of the Youngstown Salvation Army corps, spent Friday evening in Salem and assisted the local corps in the meeting on the streets. He inspected the progress of work here, especially with reference to the recently installed industrial department, and found it is a very satisfactory condition.

Alleged Robbers Arrested.

Cumberland, Md., Nov. 17.—On advice received by telephone from the chief of police of Greensburg, Pa., W. A. Christy of Means, O., J. W. Frease of Punxsutawney and D. H. Gable of Greenville, Pa., were arrested at Somerset. They are charged with stealing $250 in cash and several hundred dollars' worth of stamps from a woman while riding in a street car in Greensburg.

THE TIGERS GO DOWN IN DEFEAT AT CANTON

THE GREAT TEAM HAS MET ITS WATERLOO.

Salem Fans Who Saw Great Struggle Pronounce It a Phenomenal Game.

That once wonderful and unbeaten team, the Massillon Tigers, have met their Waterloo. For years the Tigers have been one of the greatest elevens on any field. Up until Friday not a team had been able to cross the Tigers' goal line during the four years' existence of the eleven, and only once had it been scored upon by a goal from the field.

That was all changed in the great game at Canton Friday afternoon. Canton, aided by the wonderful punting of Reynolds, the line plunging of Smith and Hayden's masterly ability in running the team, not only crossed the Tigers' goal line but also beat them by a score of 10 to 5 on straigut football and Hayden's clever goal from the 33-yard line. It was a wonderful victory for Canton, a victory that has made history in the town.

The crowd of about forty from this city that witnessed the game declare that it was the greatest game they had ever seen. Surrounded by about 5,000 on-lookers, two of the greatest combinations of weight and speed ever formed struggled against each other with all the strength and fury they possessed, and at no time in the game did either team let up or show any signs of weakening.

Although Canton alone scored in the first, when Quarterback Hayden dropped back and scored a field goal from the 33-yard line, nevertheless the Tigers never lost hope, and by the end of the half they had carried the pigskin so close to the goal line that Canton's hopes were fast fading.

Canton, however, showed her superiority over her antagonist in the second half when, after severe line bucking and long end gains, she circled around the end for a touchdown and kicked goal. Then came Massillon's opportunity to save herself from being whitewashed. After being held for downs close to their own goal the Tigers punted to Hayden, in the middle of the field, where he misjudged the ball and slipped in the mud. Just as he was trying to fall on it for the second time Maxwell, with his ponderous weight of 250 pounds, came tearing through, got the ball and raced the 55 yards, without the least bit of interference, for a touchdown.

Johnson Home Disinfected.

Sanitary Policeman David Goodwin on Saturday disinfected the home of Mrs. Peter Johnson, colored, at 20 Hill street, where a case of diphtheria had existed.

NEW LINE WILL BE IMPORTANT

Morley Project Will Connect Several Prominent Cities

TO PARALLEL THE C.& P.

Eleven Miles of Old C. & P. Roadway Secured—Strong Backing Assured—Capital to Be Increased to $2,500,000 Shortly.

Cleveland, Nov. 17.—Incorporation papers have been filed at Columbus for the Cleveland, Alliance and Mahoning Valley Railroad Co., a new trolley line that will be built from Cleveland to a connection with the Stark Electric railway at Alliance, with an east and west line extending to a connection with the Mahoning and Shenango lines into Youngstown. James W. Holcomb is one of the leading promoters of the new line, and it is understood that associated with him in the venture are a number of leading Cleveland capitalists and traction men. Holcomb has had under way plans for a line from Cleveland to Alliance for over a year past, but the name of the company and the purposes given in the filing of the papers indicates that it is also the intention to build east and west, filling in a gap which in connection with present lines of the Northern Ohio system, the Mahoning and Shenango, and lines building west from Akron, will complete a direct east and west line that will extend from Sharon and New Castle in Pennsylvania, westward half way across the state to Mansfield.

The incorporation papers were filed by attorneys in the office of Cook & McGowan, with the nominal capital stock of $10,000, but it is understood that this is to be increased later to $2,500,000.

The new road will practically parallel the Cleveland & Pittsburg from Cleveland to Alliance. Entrance to Cleveland has been secured through the purchase of 87 city lots on Prince street, which will be utilized in the laying out of a roadway 3,400 feet in length from the city limits to a connection with the Kinsman street line of the Cleveland Electric, the interurban line meeting the Kinsman tracks at the crosstown line. This entry will give it the shortest haul over city streets of any interurban entering the city, and will at the same time give to it the advantage of transfer to the 12 lines crossing the East 105th street crosstown line.

From the city limits to Hudson, a distance of 19 miles, a private right-of-way has been secured, and from Hudson to Ravenna, 11 miles, the old roadbed of the C. & P. which reverted to the original owners, has been secured. This roadbed includes a right-of-way 66 feet wide, the grading being all ready for the rails and ties, the steam road having taken up its tracks and left the grade when the line was abandoned. Rights of way have also been optioned from Ravenna to Alliance, a distance of 18 miles.

The power house will probably be located at Ravenna. It is understood that work on the Cleveland-Alliance line is to be started early next year, and possibly some of the work may be under way before snow flies this fall.

The names of the backers of the new road have been withheld pending the formal completion of the organization, but in financial circles it is understood that J. R. Morley, the president of the Stark Electric road, is interested.

Miss Ella Rodgers of Portsmouth, Ohio, has concluded a visit at the home of Miss Loretta Howell of East Fourth street.

POMONA GRANGE IN SESSION AT MT. NEBO

Columbiana county Pomona Grange is meeting today in the Mt. Nebo Grange hall, near Shelton's grove. A musical and literary program is being rendered, and the following subjects will be up for discussion by the members: "Can the Ordinary Farmer Afford a Silo?;" "What Is the Difference Between a Politician and a Statesman?;" "Amusements for the Young People in the Grange;" "From Which Will the Greater Profit Be Realized, Money Invested in a Colt, or the Same Amount Invested in Young Cattle, After Paying for Feed and Care?"

These meetings are held every three months, and bring together a large number of Grangers from various parts of the county. The discussions are mostly of a practical nature, and much useful information is brought out.

LOUIS H. BRUSH.

Sworn to and subscribed in my presence this 3d day of November, 1906. RALPH W. CAMPBELL, Notary Public.

It is an interesting commentary upon some persons' ideas of a square deal to note that while they themselves object strenuously to much overtime or Sunday work, they object just as strenuously to any proposal to discontinue certain conveniences which force others to work seven days per week. The problem confronting local milkmen is a fair illustration. They feel that they should be entitled to one day's rest in seven, and have proposed taking it during the winter months when the problem of keeping milk wholesome more than one day is not difficult. The proposal has, however, raised a storm of protest which the milkmen fear may injure their regular business. Now, as a matter of plain fact, these men are just as much entitled to rest on the Sabbath as anyone else, and during the winter months there is not more than two good reasons why Sunday delivery of milk should be made. Those are where milk is needed for infants or the ill, when no possible chances on its being unwholesome should be taken. However, the milkmen would doubtless be glad to take care of such cases with a special wagon for that particular kind of customers. Those who for no other reason than that they object to giving up the convenience protest the no Sunday delivery plan, ought to be willing to follow the example of employers who occasionally buy overtime labor, and pay price and a half for it.

Railroad companies throughout the country are said to have practically agreed upon granting a 10 per cent increase in wages for all their employes, as the Pennsylvania has already done. As this sum would amount to about $82,000,000 annually it would help along prosperity considerably.

San Francisco has been passing through a period of graft exposures, and the end is not yet. Mayor Schmitz, who has been in charge as mayor, is now in a fair way to be removed, but the better element should remember that

Of course it is to be regretted that Salem is not to have an opportunity this year to wrench football victory from the hands of Lisbon, but we will have a chance to settle the county high school championship, and that is no small import.

Secretary Shaw says paper money should be made smaller and more convenient to handle. The average individual is rarely troubled about the size of his bills. He is more interested in the value they represent.

The New Waterford Magnet is nothing if not optimistic. It expresses the belief that "Roosevelt is the last Republican who will fill the presidential chair for years—possibly never again."

Few people living in towns realize how important is the poultry industry. That's why the coming poultry show here will be instructive as well as interesting.

Not a single hunter we saw coming in last evening looked as if his conscience was hurting him because of the number of quail he had killed.

Making Tour of the County.

Rev. S. J. T. Flohr, the home department secretary of the Mahoning County Sunday School association, is making a tour of the county. Wednesday evening of next week he will visit Smith township, Thursday Berlin township and Friday Ellsworth township. He visits the township officers during the day, and in the evening addresses mass meetings.

Fortunate Missourians.

"When I was a druggist at Livonia, Mo.," writes T. J. Dwyer, now of Graysville, Mo., "three of my customers were permanently cured of consumption by Dr. King's New Discovery, and are all well and strong today. One was trying to sell his property and move to Arizona, but after using the New Discovery a short time he found it unnecessary to do so. I regard Dr. King's New Discovery as the most wonderful medicine in existence." Surest cough and cold cure and throat and lung healer. Guaranteed by Bolger & French, druggists. 50c and $1. Trial bottle free.

To Spend Winter South.

Jacob S. Handte and family, who have been living in Chicago, have gone to Asheville, N. C., where they expect to spend the winter, and locate permanently if the climate is agreeable. Postmaster Robbed.

G. W. Foust, postmaster at Riverton, Ioda, nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a sever case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters; which cured me and have kept me well for eleven years." Sure cure for biliousness, neuralgia, weakness and all stomach, liver, kidney and bladder derangements. A wonderful tonic. At Bolger & French's drug store. 50 cents.

CUBAN MINISTER TO THE U. S.

Recommends Pe-ru-na.

Senor Quesada, Cuban Minister to the United States.

Senor Quesada, Cuban Minister to the United States, is an orator born. In an article in The Outlook for July, 1899, by George Kennan, who heard Quesada speak at the Esteban Theater, Matanzas, Cuba, he said: "I have seen many audiences under the spell of eloquent speech and in the grip of strong emotional excitement, but I have rarely witnessed such a scene as at the close of Quesada's eulogy upon the dead patriot, Marti." In a letter to The Peruna Drug M'f'g. Co., written from Washington, D. C., Senor Quesada says:

"Peruna I can recommend as a very good medicine. It is an excellent strengthening tonic, and it is also an efficacious cure for the almost universal complaint of catarrh."—Gonzalo De Quesada.

Mr. Will A. Hoffman, Hagerstown, Ill., writes:

"I gladly give my testimonial with the thousands of others who have been cured by the use of Peruna.

"I had catarrh of the head and throat. I took cold easily and was dizzy-headed.

"I was all rundown and hardly able to work at all when I began using Peruna.

"But, now, after using it about six months I am well and strong."

There is no remedy in the world which has proven so popular for catarrh as Peruna. It has been used for more than thirty years and cured thousands of cases as proven by our testimonials.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

SUGAR TRUST AT BAR

Choate, Parker and Other Legal Lights Appear in Its Defense.

CHARGE IS ACCEPTING REBATES

Many Objections Are Made by Judge Parker and Other Counsel and Overruled by Judge Holt—Much Damaging Evidence Is Admitted.

New York, Nov. 17.—The so-called Sugar trust or the American Sugar Refining company was brought to trial for the first time on a charge of rebating. The specific indictment charges the corporation with knowingly violating the Elkins law in accepting rebates on shipments by the New York Central & Hudson River railroad company in the spring of 1903, amounting to $26,000. The case is on trial before Judge Holt of the United States circuit court. For granting the same the company, it is understood, also been convicted in the same court.

The sugar company, it is charged, accepted the $26,000 in rebates shortly after the passage of the Elkins act, the shipments having been made just before congress passed the law. There are several other indictments against the company, it is understood, also for violation of the Elkins law.

The defendant was represented in court by a rather imposing array of counsel. Its lawyers in the case are Joseph H. Choate, former Justice Alton B. Parker, John E. Parsons and Tompkins K. McIlvaine. The government is represented by United States District Attorney Henry L. Stimson and Assistant United States District Attorney Henry A. Wise.

The proceedings were marked by many objections and several exceptions to the rulings of Judge Holt by the representatives of the sugar company. Testimony of a number of witnesses for the government was heard, including Fred A. Hearst, Assistant Auditor George T. Roberts, Lowell M. Palmer, W. E. Foster and other present or former employes of the company. The chief of these witnesses was Mr. Palmer, who for a long time served as the head of the company's traffic department. His examination was practically a repetition of that in the New York Central case in which he also testified.

CARUSO UNDER ARREST

Woman Charges Him With Insulting Her in Central Park.

New York, Nov. 17.—Enrico Caruso, tenor of the Metropolitan Opera company, was arrested while a visitor at the menagerie in Central park on a charge of disorderly conduct preferred by Mrs. Hannah Graham. The complainant, who was unaware of the prisoner's identity, alleged that Caruso had repeatedly insulted her. After having been locked up for an hour Caruso was released on bail furnished by Heinrich Conried of the operatic company. He will appear in court for a hearing today.

At the police station to which he was taken the tenor created a scene and it was only with difficulty that he was induced to submit to the routine examination and search to which all prisoners are subjected. Throughout the ordeal he vehemently protested that a mistake had been made in his arrest and at its conclusion the star was on the verge of collapse.

GRANTED NEW TRIAL

Convicted Indiana Official Will Be Released Meantime.

Indianapolis, Nov. 17.—The supreme court has reversed the decision of the lower court by which David E. Sherrick, former auditor of state, was sent to the penitentiary for an indeterminate sentence of from two to 14 years charged with embezzlement of the state funds. The court orders a new trial.

Sherrick was in the penitentiary at Michigan City several months. He will probably will be released on bond.

The court holds that Sherrick did not embezzle state money, as the money belonged to the insurance companies and not to the state.

PLATT ABOUT TO QUIT

Aged New York Senator's Resignation Already on Paper.

New York, Nov. 17.—The Evening Post publishes the following:

"Thomas C. Platt's resignation from the United States senate is said to be ready for filing with Governor Higgins. Senator Platt, it is reported, has decided to retire altogether from public life.

"Recent disclosures concerning the Senator's domestic troubles, added to his increasing age, are declared to have forced him to the decision to relinquish his office."

Hearst Spent $256,370 in Campaign.

Albany, N. Y., Nov. 17.— William Randolph Hearst, Independence League and Democratic candidate for governor, certified to the secretary of state that he had spent $256,370 in promoting his canvass. This was divided as follows: Independence League, $198,870; Democratic state committee, $57,000; traveling expenses, $500.

Church's Anniversary.

New Waterford, Nov. 17.—The 47th anniversary of the dedication of the New Waterford M. E. church will be held Sunday. During the life of the church there have been 27 different pastors serving the congregation, two of whom, Rev. E. M. Wood, now of the Pittsburg conference, and Rev. A. A. Brown of Lisbon, will be in attendance. In the evening Rev. Mr. Wood will deliver a lecture entitled, "Ireland, Its People and Religion." The Columbiana quartet will render special music.

THE VALUE OF CHARCOAL.

Few People Know How Useful It Is in Preserving Health and Beauty. Costs Nothing to Try.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions and other odorous vegetables.

Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poisons of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can possibly result from their continued use, but, on the contrary, great benefit.

A Buffalo physician, in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefitted by the daily use of them; they cost but 25 cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

Peary Arrives at Chateau Bay.

Halifax, N. S., Nov. 16.—A dispatch to the Associated Press from Chateau Bay, Labrador, announces the arrival there at 6 o'clock last evening of the Arctic steamer Roosevelt with Commander Peary aboard. The ship had been delayed by heavy weather up the coast. The steamer is fog bound at Chateau Bay and is expected to sail today for Sydney.

Better Than Spanking.

Spanking does not cure children of bed-wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her successful home treatement, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

EXPERT BEGINS HIS WORK

Lisbon, Nov. 17.—Edward A. Morse the Pittsburg bridge expert employed by the county commissioners to inspect and report on the Canton bridge in the west end of town, has already commenced his work. Measurements and other observations are being made with a view of determining from a scientific standpoint the capacity of the bridge to support additional weight. If the proposed concrete floor is laid it will impose upon the structure a weight of 1,120,000 pounds less the weight of the present additional, less the weight of the present plank floor. The life of a plank floor for this bridge is three or four years and the cost of planking it is about $1,800. The commissioners are of the opinion, therefore that it will be economy to put down a concrete floor.

CATARRH IS CURABLE.

Another Disease Now Easily Conquered Formerly Thought to Be Incurable.

New York, Nov. 16.—Rapid strides are being made by the Toxico Laboratory, 1269 Broadway, New York, to entirely wipe out all diseases of the respiratory organs, such as catarrh, asthma and bronchitis, but the use of Toxico, the new Vienna treatment.

Hundreds of cured patients are daily reporting the success of the treatment. Toxico acts as a tonic, directly on the diseased parts, building up the weakened tissues and making disease impossible. It is claimed that the most chronic cases are cured in 60 days. Through the generosity of the Toxico Laboratory a free test will be sent to every request without any cost to the sender.

PRAYER FOR ENEMIES

Pope Requests Petitions for Foes of Ancient Church.

Rome, Nov. 17.—The Osservatore Romano has published a letter from the Pope to Cardinal Respighi, vicar general of His Holiness, requesting him to order special prayers for the enemies of the church, this being the only means left the pontiff in the present confusion of the church, now fought and oppressed by many of her own children who have become her enemies. Continuing, the Pope refers to a passage from the Bible, Hebrews, chapter 5, verse 7.

This letter is regarded as of special importance now, it being evidently inspired by the situation in France, and is taken to indicate that the Pope believes he has exhausted all other means to reach a satisfactory understanding in the French difficulty.

Into each life some rains must fall,
Wise people don't sit down and bawl;
Only fools suicide or take to flight,
Smart people take Rocky Mountain Tea at night.

Scribner's Magazine.

Henry B. Fuller, the author of "The Chevalier of Pensieri-Vani," has recently written very little, but in the Christmas Scribner he returns to his best manner with a story of Americans traveling in Italy, entitled, "Addolorata's Intervention." The delicate satire and charming humor of Mr. Fuller are shown at their best.

THE DEATH RECORD.

Mrs. Estella Hixson.

Lisbon, Nov. 17.—Mrs. Estella Hixson, wife of Irving Hixson, died yesterday at her home near East Lewistown, Mahoning county, death ensuing after a surgical operation she underwent a few days ago for liver trouble. Mrs. Hixson was about 30 years old and was born and brought up near East Lewistown. Her husband and three children survive. Mrs. Hixson was an alumnius of the Columbiana high school. Funeral services will be held at her late home tomorrow afternoon, with burial at Columbiana.

Holloway Funeral Monday.

The funeral of the late L. M. Holloway, the P. & L. E. engineer who died Friday as a result of injuries received in a wreck at New Castle, Pa., Tuesday, will be held at 11 a. m. Monday in Pittsburg, at the Smithfield M. E. church. Burial will be beside the body of his daughter in an Allegheny cemetery. A number of relatives from Salem and Beloit will likely attend.

STRANGE SUIT OVER ABOLITIONIST'S WILL

(Continued from First Page.)

gone toward carrying out the expressed wish of the man who left it.

The heirs claim that the will is invalid because it is indefinite and vague. They say that too much power is given the trustee. He may, if it is held to be sound, they declare, locate the school in Greenland, Africa or anywhere else where his fancy might suggest, and, again, he could, if he lived until that time, hold the money until the coming of the millenium dawn under the clause leaving to him to decide when the sum shall be large enough to establish the school.

James Hunt, a Massillon banker, is now trustee of the fund. He was appointed to succeed Ervin A. Wales, the first trustee, who died in 1882. The heirs who are attacking the will reside in Cuyahoga county, and there are scores of other heirs scattered all over the country. The suit was started in the common pleas court two years ago, where the heirs won out. The circuit court reversed the judgment, but the court was divided, and the heirs think they have an even chance of winning in the supreme court.

Representative James A. Welker and A. C. Craine of Canton are counsel for the heirs, and Robert H. Day of Canton for Trustee Hunt. Mr. Day is the latter's son-in-law. The attorneys hope that the court will hand down the decision next Tuesday, the regular decision day, but, of course, have no assurance that it will come then.

Conflagration Affects Naples.

Naples, Nov. 17.—A conflagration is raging on the docks here and the damage up to the present time is estimated at $500,000. The area of the fire has been circumscribed and every effort is being made to keep it within bounds. Most of the ships in the harbor have cleared for the open sea. The North German Lloyd steamer Koenigen Luise dislodged her departure for New York in order to give assistance to the shipping.

Informer Meets Sudden End.

Odessa, Nov. 17.—A serious mutiny has broken out at the prison here. Because of the hardships inflicted upon them, the political prisoners made plans to escape by digging a tunnel under the walls. A treacherous prisoner revealed this plot to the authorities, whereupon 370 prisoners rose in revolt and killed the informer. The prison is now surrounded by troops.

ANOTHER CRAZY MAN LIKE ANDY NEEDED

New York, Nov. 17.—In an address before the Tuberculosis Congress, Dr. C. M. Amende of New York said that some provision should be made for assisting indigent consumptives to get out into the country where they could live in the open air.

"If there was another man who was as crazy on the subject of consumption as Mr. Carnegie is on the subject of libraries," said Dr. Amende, "much might be accomplished."

Literary Note

When a writer undertakes to explore Grubb Street—that indefinite neighborhood which produces to order "syndicate stuff," Sunday specials, rhymed "ads," and every other conceivable brand of literary merchandise—he is in the way of making some interesting discoveries. In the November Atlantic James H. Collins describes "The American Grub Street," and his account of the ways of the free-lance community in New York makes fascinating reading. Surely no side of modern city life has more varieties or picturesqueness than this—with its uncertain returns, its high ambitions and good fellowships, its disappointments and successes. Incidentally the writer tells some most amusing stories of the Great Man and what happens to him when he offers his epic or two volume romance for sale on Union Square.

AMUSEMENT NOTES

When Knighthood Was in Flower."

One of the most charming and attractive personalities now gracing the stage is that of the fascinating Miss Merritt, for of all dainty loveliness none can surpass this chic little lady, with her vivacity of spirits and her well-bred manner, and her bright, young, smiling face with its rare features, crowned with a beautiful growth of soft wavy hair, she makes a picture never to be forgotten. Always gracious, her affable and sunny disposition is a convincing illustration of the genuine worth of a refined character. Being a fine, forceful actress, with piquant methods, her work is strong and vigorous, and appeals to the critical. Miss Merritt's appearance at Mary Tudor in "When Knighthood Was in Flower" will be greeted by her many admirers in full force. Miss Merritt is under the management of Ernest Shipman. At the Grand tonight.

At the Empire Next Week.

Patrons of the Empire may anticipate another attractive bill for next week. Manager Miller has exercised great care in securing several high-class acts of a refined and entertaining nature. Taylor and Wilms will doubtlessly be a strong drawing card. They will present a laughable German comedy sketch. Some clever eccentric dancers and funny knock-about tumbling will also be introduced. Miss Vale Primrose will be seen in a novel concert called, "A Soldier Boy." Another pair of funmakers will be Burton and Primrose, who will be seen in a mirth-provoking farce called "The Biddy and the Soubrette." A high-class musical act will be presented by Malin and Malin, in which popular and classical musical selections will be rendered on a variety of instruments. Mr. Fred Jones, boy soprano, will be heard in some new song hits and illustrated songs, and the popular moving pictures will conclude what promises to be a very strong bill.

Decided for Godward.

Late Friday afternoon Justice C. F. Lease handed down his decision in the case of Fred Godward vs. the Salem Monumental Co., which was heard the early part of the week. Godward originally sued to recover about $135, which he claimed due as commissions for sales made while employed by the company as sales agent. During the hearing some testimony developed which led Godward to amend his bill of particulars until his claim amounted to $197.

In his decision Justice Lease rendered a verdict awarding judgment for $80 to Godward, and assessed the costs up against the defendant company.

Weyler Claims Marshal's Baton.

Madrid, Nov. 17.—King Alphonso has been hastily recalled to this city from his hunting expedition. It is believed that a cabinet crisis is impending. War Minister De Laque is resisting the pretensions of Generals Weyler and Polavieja to the field marshalship vacant owing to the death of Count de Cheste. Weyler and Polavieja base their claims on their "victories in Cuba and the Philippine Islands."

Briar Will Come High.

London, Nov. 17.—There will be an increase of 50 per cent in the price of briar pipes, due to strikes in the two great pipe-making districts, St. Claude, France, and Nuremberg, Germany, and the scarcity of good briar in Italy, which produces the best.

British Strike Was Futile.

London, Nov. 17.—The strike of Clyde boilermakers, which began September 29 and in which 10,000 men were involved, has come to an end by the men returning to work. They did not gain one of the points in dispute.

Two Brakemen Meet Death.

Columbia, S. C., Nov. 17.—Two brakemen named Lloyd and Chesney were killed in a head on collision between a freight and a work train on the Southern railway near Dent, S. C., their bodies being burned beyond recognition.

DRUNKENNESS A DISEASE.

Remarkable Results Following the Orrine Treatment.

There are but few families who have not one or more members afflicted with this terrible disease. Will power alone cannot cure the drink habit, but the scientific Orrine treatment is a tested and absolute cure. This treatment destroys the desire for liquor, so that the drink is not missed. We seek the worse cases and cure them with Orrine. It can be given secretly. Orrine is sold and guaranteed by M. S. Hawkins.

The Christmas Delineator.

The Christmas Delineator is a typical Christmas number. It is sufficiently premature to assist Christmas makers with its hints for Christmas gifts and holiday entertainments, besides containing an abundance of seasonable literature calculated to fit it from now until New Year's day. Maud Ballington Booth contributes a most touching description of the work of the Volunteers, "Christmas Sunshine in the Shadows." Christmas stores for adults are "The Evergreen Tree," by Marion Ames Taggart, and "The Shoplifter at Satterthwaite's" by William Hamilton Osborne, and those for the children, "The Blue Kimono," by Virginia Woodward Cloud, and "Betty Evolves a Christmas Idea," by Elizabeth Preston Badger. Agnes and Egerton Castle's romance, "A Young Conspiracy," and Anthony Hope's short story, "The Duke's Allotment," seem especially suited for reading on winter evenings. But the crown of the Christmas literature is Edwin Markham's splendid poem, entitled "The Great Guest Comes." It is illustrated in colors by J. C. Leyendecker. The serial stories, "Fraulein Schmidt and Mr. Anstruther," by the Countess von Arnhim, and "The Chauffeur and the Chaperon" by the Williamsons, are continued, while Barry Pain's "The Diary of a Baby" is concluded. Essays for every day are, "The Slavery of Superstition," by Lilian Bell; "Eliminating Non-essentials," by Lida Churchill, and "Pulling Together Through a Crisis," by William George Jordan. David Belasco contributes a most interesting description of "Making the Play Seem Real."

The usual amount of space is devoted to up-to-date fashions in garments and millinery, and practical papers and departments for housekeepers.

NEWBRO'S HERPICIDE

The Original Remedy that "kills the Dandruff Germ."

THE HUNTERS CAME TOO LATE!

Their Faithful Dog has pointed out the True Remedy to prevent Baldness, but the hunters came too late—Chronic baldness is incurable.

HERPICIDE A "HAIR-SAVER."

Newbro's Herpicide saves the hair by destroying the germ or microbe that is now known to be the cause of dandruff, falling hair and baldness. In chronic baldness the hair follicles are completely atrophied, causing the scalp to shrink and shine; little can be done in such cases except to save the remaining "fringe," and this is well worth saving, for it offers some protection against the cold.

The "Hair Grower" is a fallacy. It requires but a slight knowledge of Anatomy to know that the hair gets its life and strength from the hair-papilla at the bottom of the hair follicle, and the papilla in turn gets its nourishment direct from the blood; therefore nature is the only true hair grower. There are enemies of hair growth that cause hair loss and baldness. Invisible microbe growths enter the sebaceous glands, situated at the top of the hair follicles (Dr. Sabouraud, of Paris, says the microbe usually enters the scalp in youth), where one colony after another is established, until finally, after months and sometimes years, there is dandruff, itching scalp and falling hair. The Sebum also solidifies, causing dry, lustreless and brittle hair. Destroy this microbic growth with Newbro's Herpicide and protect the hair against reinfection, and it will grow as nature intended.

Newbro's Herpicide is a Twentieth Century Remedy. Its mission is to teach new rules for scalp cleanliness, new rules for hair preservation and to supply a germ destroying solution that will enable careful persons to have beautiful and luxuriant hair. Almost marvelous results follow the use of Herpicide, and if it does not do more than we claim for it, your dealer will refund your purchase price. As a hair dressing it is truly exquisite, on account of its dainty and refreshing odor, which is characteristic. It contains no oil, grease or sedimentary substance, neither does it stain nor dye the hair.

Stops itching of the scalp almost instantly.

WHAT A LEADING DRUGGIST SAYS: Herpicide has been a success with us from the start, owing to two considerations. First, because it is essentially a meritorous article and does the work that is claimed for it and every bottle sold makes a friend, who publishes the glad tidings to other friends, and an endless chain is thus created for Herpicide.

Secondly—You fill your contract to the letter and treat your Agents squarely and cleverly, and every Agent in turn takes pleasure in pushing the goods for your personal account. We have never sold a proprietary article which was more satisfactory. (Signed) W. H. Torbert, Dubuque, Iowa.

GRUESOME WELCOME HOME

Cleveland Workman Finds Wife Murdered During His Absence.

Cleveland, Nov. 17.—When Albert Peters returned from work to his home in Payne avenue last night he found his wife lying dead in her room, her head crushed in two places. Near her body was a bloody machinist's hammer. Everything about the room indicated a terrific struggle. Furniture was overturned and blood spattered on the walls.

The coroner, after examination of the body, declared that the woman had been dead about 10 hours. The police have no clew to the murderer. The husband was taken to police headquarters and for several hours underwent a rigid examination but nothing was adduced to clear up the case. Peters is employed by Dr. William Corlett.

Robbery, from all evidence at hand, was not the motive. Peters and his wife had always lived amicably.

HAVE ONLY STARTED

Heney Intimates That 'Frisco Is Permeated With Graft.

San Francisco, Nov. 17.—The grand jury resumed investigation of charges by District Attorney Langdon and Assistant District Attorney Heney against Mayor Eugene E. Schmitz and Abraham Ruef. Unusual interest was attached to the proceedings on account of the five indictments charging Ruef and Schmitz with conspiracy in connection with alleged extortion from French restaurants.

It is said that the grand jury gave attention to the charge that extortion was practiced on an O'Farrell street resort that flourished before the fire.

Assistant District Attorney Heney said: "What we have already done is a starter. We expect that there will be other indictments before we finish. All that I now ask is fair juries to try the cases."

FINDS HARDY ALFALFA

Washington, Nov. 17.—After twice risking his life and once nearly losing it in the interest of agricultural science, Prof. N. E. Hansen of the South Dakota experiment station of the department of agriculture, has found in Northern Siberia an alfalfa suited to the arid lands of the Northwest, where the winters are bitter cold.

Prof. Hansen got on the track of the alfalfa a year ago but was so late in searching for it that he was badly frozen in Siberia. Despite his experience he made another trial this year and has just informed Secretary Wilson that he has been successful and is on his way back with seed.

Third Death from Hold-Up.

San Francisco, Nov. 17.—Stephen Lynch, who was wounded during the hold-up of a saloon, is dead. His death is the third that has resulted from the hold-up. John O'Connell, a pensioned police officer, and Thomas Burke, one of the robbers, were killed.

TALES WITHOUT DETAILS

Washington—Mrs. Frank R. Stockton, widow of the novelist, is critically ill at her home here.

Henderson, Ia.—The Bank of Henderson was dynamited. The robbers secured $2,000 and escaped.

San Francisco.—Judge Seawell decided Abraham Ruef has no legal right to the office of district attorney.

Guthrie, Okla.—Robbers dynamited the Bank of Lahoma at Lahoma, Garfield county, and escaped with $2,500.

Bedford, Ind.—The powder house of a cement company at Mitchell, Ind., exploded, killing two men. Several others were injured.

Toledo, O.—The Toledo Pastors' union is represented in the Central Labor union, having been elected to full membership.

Grand Rapids, Mich.—Mike Ward, pugilist, of Sarnia, Ont., died as the result of a knockout in a fight with Harry Lewis of Philadelphia.

Lafayette, Ind.—Lyle Nicol, 18 years old, son of Hugh Nicol, athletic director of Purdue university, is dead of an injury received at football.

TIME TO ACT.

Don't Wait for Fatal Stages of Kidney Illness—Profit by Salem People's Experiences.

Occasional attacks of backache, irregular urination, headaches and dizzy spells are common early symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a time, but return with greater intensity. If there are symptoms of dropsy—puffy swellings below the eyes, bloating of limbs or ankles, or any other part of the body, don't delay a minute. Begin taking Doan's Kidney Pills, and keep up the treatment until the kidneys are well, when your old-time health and vigor will return. Cures in Salem prove the effectiveness of this great kidney remedy.

Mrs. Samuel Johnson, living at 137 Depot St., Salem, O., says: "For over ten years, off and on, I had suffered from kidney trouble. There were intense pains in my back and a disordered condition of the kidney secretions, which were thick and stringy and much too frequent in passage, especially at night, when it annoyed me greatly. I felt very bad and my health suffered greatly. I used many different medicines without success until I learned of Doan's Kidney Pills and procured them at Bolger & French's drug store. I obtained great relief from the first and before I had used two boxes the annoying symptoms had left me. I am now enjoying good health."

GROOMING COUNTS

But it cannot make a Fair Skin or a Glossy Coat.

Women with good complexions cannot be homely. Creams, lotions, washes and powders cannot make a fair skin. Every horseman knows that the satin coat of a thoroughbred comes from the animal's "all-right" condition. Let the horse get "off his feed" and the coat turns dull. Currying, brushing and rubbing will give him a clean coat, but cannot produce the coveted smoothness and gloss of the horse's skin, which is his complexion. The ladies will see the point.

Lane's Family Medicine

Is the best preparation for ladies who desire a gentle laxative medicine. It will give the body perfect cleanliness internally and the wholesomeness that produces such skins as painters love to copy.

JAPS ARE NOT EXCITED

Official Newspaper Takes Calm View of Frisco Incident.

Washington, Nov. 17.—Ambassador Wetsuji called to-day and read to Secretary Root extracts from editorials appearing in the Japanese newspapers. The ambassador said that the editorials were typical of the comments in the Japanese press. The extracts read to the secretary were from one of the more important Japanese newspapers which, he says, reflect the views of the government in relation to the friction in San Francisco growing out of the refusal of the school board to admit Japanese pupils to the public schools.

The articles are remarkably moderate and friendly in tone, making it appear that the trouble is extremely local and that it cannot in any sense be permitted to hinder the growth of closer relationship between America and Japan. They also indicate a desire on the part of the Japanese to enter into a reciprocity treaty with America to strengthen the commerce between the two countries.

Cured of Bright's Disease.

Mr. Robert O. Burke, Elnora, N. Y., writes: "Before I started to use Foley's Kidney Cure I had to get up from 12 to 20 times a night, and I was bloated up with dropsy and my eyesight was so impaired I could scarcely see one of my family across the room. I had given up hope of living, when a friend recommended Foley's Kidney Cure. One 50 cent bottle worked wonders, and before I had taken the third bottle the dropsy had gone, as well as all other symptoms of Bright's disease." Bolger & French.

Green Escapes Another Trial.

Washington, Nov. 17.—It is officially stated that the government will not try Charles E. Green of Binghamton, N. Y., soon for retaining indirect connection with the sugar trust frauds.

This Is Worth Remembering.

As no one is immune, every person should remember that Foley's Kidney Cure will cure any case of kidney or bladder trouble that is not beyond the reach of medicine. Bolger & French.

Doomed Negro Fights in Vain.

Milledgeville, Ga., Nov. 17.—With the fury of a tiger, Hims Devereaux, a negro, fought the sheriff and his deputy when they entered his cell to take him to the scaffold. After a hard fight the negro was overpowered and hanged. Previously he had tried to kill himself with a broken bottle. Devereaux killed another negro during a card game.

PAPERS SLANDER GOMPERS

So Says Loyal Delegate at Federation Convention.

Minneapolis, Nov. 17.—There was only a short session of the American Federation of Labor convention. That the convention is anxious to go on record in regard to President Gompers' idea of entering politics was evinced by an effort of Delegate Brown of Brockton, Mass., to have the convention resolve itself into a committee of the whole for the purpose of discussing the political question.

"The papers of the country," said Brown, "are slurring our honored president because of his course in the recent campaign and it is high time that delegates go on record as either favoring or disapproving that course."

Vice President James Duncan said politics ought never be made anything but an annex to the American Federation of Labor. A motion for adjournment, which carried, cut short political discussion, which may be resumed later.

Rheumatic sufferers find Hood's Sarsaparilla a permanent cure for their inflamed and swollen joints.

Ironworkers Win Strike.

Lancaster, Pa., Nov. 17.—The Penn Iron company and their employes, who have been on strike for the last five months, have come to an agreement. The company granted the demand for the $4.50 rate for puddling and a proportionate increase in other departments. Work will be resumed Monday. The mill employs about 500 men.

Dealings in the stock totaled more than 500 shares. The stock sold at $531 a share on November 1, at $700 last January, and at $340 in 1902.

PREPARE FOR PRIMARIES

County Commissioners Advised to Provide New Ballot Boxes.

Harrisburg, Nov. 17.—George D. Thorn, chief clerk of the state department, has issued a statement advising county commissioners throughout Pennsylvania to make the necessary arrangements for the holding of winter primaries under the new uniform primary election law in boroughs and townships.

Mr. Thorn also suggests that the commissioners provide supplies and equipment for each district as required by the act and to provide ballot boxes for exclusive use at primary elections in order that the boxes in use at general elections need not be disturbed.

Game Warden Acquitted of Murder.

Wilkes-Barre, Pa., Nov. 17.—Frank Rowe, a game warden, was acquitted in the criminal court of murdering a man he caught violating the state game laws. Rowe had placed Adam Ruscas, a hunter, under arrest for hunting on Sunday and for having game in his possession. The prisoner resisted and in the fight Rowe shot and killed him.

The New Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law, as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. Bolger & French.

Baby Mine

Every mother feels a great dread of the pain and danger attendant upon the most critical period of her life. Becoming mother should be a source of joy to all, but the suffering and anger incident to the ordeal makes its anticipation one of misery. Mother's Friend is the only remedy which relieves women of the great pain and danger of maternity; this hour which is dreaded as woman's greatest trial is not only made painless, but all the danger is avoided by its use. Those who use this remedy are no longer despondent or gloomy; nervousness, nausea and other distressing conditions are overcome, the system is made ready for the coming event, and the dangerous accidents so common to the critical hour are obviated by the use of Mother's Friend. "It is worth its weight in gold," say many who have used it. $1.00 per bottle at drug stores. Book containing valuable information of interest to all women, will be sent to any address free upon application to

DUN'S REVIEW OF TRADE

Summary of Business Conditions Throughout the Country.

New York, Nov. 17.—Dun's Review of Trade says today:

"Trade expands under the stimulating influence of colder weather and mercantile collections improve, although rates for money continue high. Traveling salesmen send in large orders to leading distributing points, but movement of merchandise is still retarded by inadequate transporting facilities. Seasonable lines of wearing apparel and holiday goods attract most attention, while staple articles of every description are in ready demand. Current business is good and prospects for the future were never brighter; labor disputes reach amicable settlement in most cases, wages being advanced in numerous transporting and manufacturing industries. The most striking development of the week was the unprecedented output of pig iron in conjunction with large imports and advancing prices, indicating the greatest activity ever attained by steel mills. Other industrial reports were scarcely less gratifying.

"Prospects in the iron and steel industry are beyond precedent. Contracts cover capacity of mills far into next year, and in some cases to 1908, while the small tonnage that can be delivered promptly commands liberal premiums.

"Textile industries are active, but the primary market for cotton goods has quieted down after the conclusion of initial purchases."

They're All Scratching.

Marion, O., Nov. 17.—An epidemic of Cuban itch is raging here. Adults and children are afflicted, and the schools, it is said, are to be closed.

Don't.

Don't think because you have taken many remedies in vain that you are incurable.

You have not taken Hood's Sarsaparilla.

It has cured many seemingly hopeless cases of scrofula, catarrh, rheumatism, kidney complaint, dyspepsia and general debility—many cases that may have been worse than yours.

What this great medicine has done for others it can do for you.

SEES CULEBRA CASH

President Closely Inspects Wounded Backbone of the Cordilleras.

TALKS WITH SHOVEL ENGINEER

Who Promptly Takes Advantage of Opportunity to Ask Pay for Overtime—Tour of Inspection Along Canal Marred by Pouring Rain.

Panama, Nov. 17.—President Roosevelt started at seven o'clock in the morning with Mrs. Roosevelt and the other members of his party to make an examination of the Culebra cut. The weather was overcast, threatening rain. At half past eight the presidential train arrived at Pedro Miguel where some steam shovels were at work. The president had his train stopped for the purpose of making a personal examination.

THE GREAT CULEBRA CUT, PANAMA CANAL.

At this point in the cut the peculiar soil conditions have resulted in more or less frequent landslides, and this fact was brought to the president's attention. President Roosevelt descended from his train and climbed on one of the steam shovels, taking a seat alongside Engineer Gray, whom he subjected to a searching fire of questions regarding the work. During his conversation Engineer Gray took the opportunity, on behalf of himself and the other engineers, to declare that, unlike the railroad engineers, they were not paid for overtime. The president promised to look into this matter. He stayed on the steam shovel about 20 minutes. By this time it was raining hard.

Wanted to See Everything.

President Roosevelt told Chief Engineer Stevens that he wanted to see all the works in connection with excavation, even to the temporary laying of tracks. With this in view he boarded a work train near Pedro Miguel and went on to the next point where steam shovels were at work. Here tehre was no danger of landslides.

The presidential train continued on the regular line toward Panama. The work of the second steam shovels was observed and the president made a detour to examine the site of the Pedro Miguel lock. He shook hands with all the Americans he met walking over the ground. At about 25 minutes past nine the president entered the deep portion of Culebra cut, his train going slowly in order that he might observe the working of the drill machines and shovels. One shovel was decorated with a sign reading: "We will do our best to help you build it."

Watched Dynamite at Work.

The president spent some time in the deepest portion of the cut, where last Sunday 22 tons of explosives were used to throw down 35,000 cubic yards of material.

The rain was now coming down in torrents and the water poured in rivulets down the funnel shaped sides of the famous cut. Several charges of dynamite were exploded in order that the president might see the effect, after which he went back to his own train.

At Rio Grande, with the rain still falling heavily, Mr. Stevens pointed out to the president the laborers' quarters under construction there. The president decided to leave his train again and inspect personally the sleeping quarters of the Jamaicans. He inquired how the men were fed and patiently listened to their complaints. He went through the commissary, where his visit was unexpected, and also penetrated into the living quarters of the families of several Jamaican laborers. This inspection lasted for three quarters of an hour, at the end of which the president returned to Culebra, wet through and spattered with mud. At Culebra the president went through the local offices of the canal constructors.

The presidential party had lunch with Mr. Stevens at one o'clock and after this meal the ladies of the party returned to Panama. The president went as far as Gorgona. While passing Las Obispo a salute of 21 charges of dynamite was fired. At Matchin President Roosevelt went through the machine shops, the foundries the planing mills, etc.

Bound to Stay in the Business.

New York, Nov. 17.—That agents of the New York Life Insurance company are preparing to form an insurance company with a capital stock of $2,000,000 if the administration ticket of trustees of that company be defeated in the election now progressing is stated by W. O. ... Clifford, a general agent of the company.

Photographs FOR -CHRISTMAS-

The custom of giving portraits at Christmas time has been largely on the increase during the last few years. People are commencing to realize that nothing else will be more appreciated by their true friends. Trinkets of any kind, no difference how costly, do not carry the true spirit of loving greeting that goes with a perfect photographic likeness.

Thousands of portraits will be given and received this Xmas.

On sober second thought, don't you believe Mother, Father, Sister, Brother, Husband, Wife, Aunt, Uncle, Cousin, Friend or Sweetheart would be "DE-LIGHTED" to receive your picture for Christmas?

We shall keep OPEN DAILY from now until then. It will be best to sit early that we may give your picture careful attention. Why not have it taken today? Satisfaction guaranteed. Prices right.
